

STATEMENT OF PURPOSE

RS29324 / H0542

County clerks are required to collect court fees and send them to the state each month. Reconciling the fees between multiple state software and county systems can be time consuming and meeting the current deadline of the 5th day of the month is challenging for offices with few staff. This bill would shift the dates by which county clerks must send payments to the state from the 5th day of each month to the 15th day each month, which aligns with other fee payments.

FISCAL NOTE

There is no additional cost to the general fund. This bill would not change the amount sent by the counties to the state; it would only change the dates.
